1. Introduction

In this paper $\mathbb{N}$ and $\mathbb{R}$ denote the sets of positive integers, respectively the set of real numbers [1, 2, 3], while $\mathbb{N}_0 := \mathbb{N} \cup \{0\}$ and $\mathbb{R}_0^+ := [0, \infty)$.

2. Preliminaries

Definition 2.1. This is a proposition

3. Main Results

Theorem 3.1. *This is a proposition*

Proof. This is a proof.   □

Proposition 3.2. *This is a proposition*

Example 3.3. This is an example.

Corollary 3.4. *This is a corollary.*

$$Thisisanequation \tag{1}$$

Enumerations:

  (i) Item 1.

 (ii) Item 2.

  (i) Item 1.

 (ii) Item 2.

Remark 3.5. This is a remark.
